

NEW GAS SERVICE CUSTOMER ACTIVITY

Customer Activity:

1. Request for new gas service
2. Request plumbing permit for installation of customer gas house-line in the appropriate City (Long Beach or Signal Hill).
3. If gas pressure requirements are greater than standard (inches of water column) then an elevated gas pressure permit is required
4. Be available to schedule onsite visit by Long Beach Energy, Engineering to "size the meter" and layout initial service line routing.
5. Be available to schedule onsite visit by Planning and Building for plumbing permit review.
6. Complete financial review process, satisfy that all fees have been paid, etc.
7. If necessary, be available for onsite visit for turning on gas meter and lighting pilot lights
